

SHEET: 1 of 1

Technical Note  
ASH 25 No.7  
ASH 25 E No.6

**Alexander Schleicher**  
GmbH & Co.  
Segelflugzeugbau  
D-6416 Poppenhausen

Type: Variation in construction for export to the Netherlands.

Subject: For the registration of the ASH 25 / ASH 25 E in the Netherlands some constructional modifications are required.

Serial number applicability: All serial no.s ASH 25, ASH 25 as per TN 1 and ASH 25 E, destined for export to the Netherlands.

Compliance: Prior to Export to the Netherlands.

Reason: This TN must be fulfilled prior to an application for registration in the Netherlands so that the glider meets the RLD-approved model.

Action: An obstacle deflector (deflections means for obstacles encountered during a landing e.g. fence wire) must be installed into the canopies in accordance with drawing 250.01.S9.

Material & drawings: See the drawing referred to under "ACTION".

Mass and C.G.: Because of the installation of the obstacle deflector the canopy weight is increased by about 2 kg and a determination of the mass and C.G. data is necessary.

Poppenhausen, Jan.17, 1992
