

Subject: Coloured Painting

Applicability: ASG 32 (all variants)

Reason: The surface colour of all fibre reinforced parts, which are exposed to sun radiation, must be painted either in:

- White
- RAL 2004 (Reinorange)
- RAL 2009 (Verkehrsorange)
- RAL 3020 (Verkehrsrot)
- RAL 5007 (Brilliantblau)
- RAL 5024 (Pastellblau)

Exceptions are the areas for markings and registration, engine bay and cockpit.

Action: None

Notes: Further colours can be appended to this maintenance instruction by SCHLEICHER. Providing that they are validated according to the protocol „*Determination of the test temperature of sailplane and powered sailplane parts painted in RAL 2004, 2009 or 3020*“ by SCHLEICHER and comply with criteria of this protocol.
